Nervous System Flow Chart

PART 1: Using the following words, design a flow chart/diagram that explains the relationship between these parts of the nervous system.
   - Nervous System
   - CNS (Central Nervous System)
   - PNS (Peripheral Nervous System)
   - Somatic Nervous System
   - Autonomic Nervous System
   - Enteric Nervous System
   - Sympathetic Nervous System
   - Parasympathetic Nervous System

PART 2: Under each section of your diagram, give the following basic information about that division of the nervous system:
   1. main function
   2. structures involved
